Behavioral Healthcare:

**Improving
Coordination,
Collaboration,
Integration**

Exhibitor and Sponsor Guide

*A guide to the latest products
and services for behavioral
healthcare leaders*

Moving beyond the EHR to integrated care for Behavioral Health Providers

At Netsmart, we are committed to making whole-person care a reality through technology, services, and advocacy,

We help you improve the lives of others by moving beyond the EHR to integrated care.

To learn more, visit us at
www.ntst.com/connected-care-network/

Hope and healing *begin here*

When someone you know is struggling, Rogers Behavioral Health is here to help. We offer specialized, evidence-based inpatient, residential and outpatient care for children, teens and adults who are battling:

- Addiction, including new programs for adolescents
- Depression and mood disorders
- OCD and anxiety
- Eating disorders
- PTSD
- Mental health disorders in children with autism

With locations in California, Florida, Illinois, Minnesota, Pennsylvania, Tennessee, and Wisconsin, Rogers provides proven treatment that is helping people rediscover hope and find **life worth living.**

DO YOU SEE THE LIGATURE POINTS? LIGATURE POINTS IN A TYPICAL BATHROOM

In traditional restroom applications, ligature points are more common than you might realize. The arrows above indicate dangerous ligature points in existing bathrooms.

Did you know? Most inpatient suicides occur in the facilities bathrooms.

Accurate Lock and Hardware

Accurate Lock and Hardware offers an extensive range of ligature-resistant and ADA-compliant products that enhance patient dignity and improve overall safety. Our team of experts is dedicated to developing innovative solutions for specific challenges, including retrofit scenarios, custom openings and bringing doors to compliance. Designed with patient care and staff safety in mind, all Accurate products are made entirely in the USA, which allows us the ability to quickly adjust, adapt and produce the best solutions to meet the ever-changing needs of the healthcare industry. Simply put, your challenge is our challenge.

1 Annie Pl Stamford, CT 06902 | 203.348.8865 sales@accuratelockandhardware.com

American Addiction Centers

American Addiction Centers (NYSE: AAC) is a leading provider of inpatient and outpatient substance abuse treatment services. We treat clients who are struggling with drug addiction, alcohol addiction, and co-occurring mental/behavioral health issues. We currently operate substance abuse treatment facilities located throughout the United States. These facilities are focused on delivering effective clinical care and treatment solutions. For more information, visit americanaddictioncenters.org.

American Psychiatric Association

PsychPRO, the American Psychiatric Association's (APA) national mental health registry, helps psychiatrists and other behavioral health professionals deliver high quality care and meet requirements in a burgeoning quality reporting landscape. PsychPRO's electronic QI platform reduces documentation burden and integrates seamlessly within a variety of settings; and as a Center for Medicaid and Medicare (CMS) Qualified Clinical Data Registry, can be used for quality measure development. PsychPRO's database also allows for research in health policy and clinical effectiveness. To find out more and to learn about our Quality Measure Development Initiative, visit our website at www.psychiatry.org/PsychPRO or contact us at registry@psych.org.

Barrins & Associates Behavioral Healthcare Accreditation Consulting

Barrins & Associates Behavioral Healthcare Accreditation Consulting is a nationally recognized firm specializing in Joint Commission and CMS consulting services for the behavioral healthcare industry. Founded by Anne Barrins, MS, CSW, a former Joint Commission surveyor, the firm has a 20-year track record working with psychiatric hospitals, behavioral healthcare organizations, and behavioral health programs in acute care settings. Our team includes psychiatry, nursing, social work, and an engineer specializing in Life Safety Code compliance. Visit our website www.barrins-assoc.com to learn about our services and see feedback from our clients.

Behavioral Safety Products

Behavioral Safety has an unwavering commitment to never compromise when it comes to the safety of patient's lives. Our desire is to save patients' lives while improving the quality of their environment. With a foundation of more than 45 years of field experience, BSP is at the forefront of the behavioral industry, specializing in designing exclusive ligature-resistant building products. On a daily basis, we work one-on-one with facilities, architects, and engineers to be front-runners as new safety issues arise. Contact Behavioral Safety Products at 706-705-1500 or at www.besafepro.com.

stryker

High security, **low height**

Spirit Select® Mental Health Bed

Mental Health departments can place unique demands on hospital employees. Stryker has worked to create a solution with features that help to satisfy these demands and increase security within these specific units when partnered with specialized hospital processes. In addition to the specialized security features that can be added to Spirit beds, all beds have a 10.75-inch low bed height. This low height helps to significantly reduce fall injuries and help accommodate patients to create a more secure sleeping environment.

- Features:** **Security lockout:** restricts all bed functions to the patient
- Removable brake:** restricts bed movement
- Filled siderails, headboard and footboard:** reduce ligature points
- Non-removable parts:** patient safety

Contact your Stryker representative for more information about our mental health offerings.

Detection Technology That Bridges Safety & Therapy

At last, a detection system designed with patient-centered care in mind. **Proscreen 200™** provides effective security screening capabilities while reinforcing the therapeutic environment for behavioral healthcare facilities.

Easily utilized by non-security personnel, **Proscreen 200's** innovative ferromagnetic detection technology (FMDS) is the only solution that effectively detects: cell phones, razor blades, lighters, needles, knives and other restricted items.

BWBR

BWBR is a design firm with a diverse practice in architecture, interior design, and master and strategic planning. Innovators in medical, health, and wellness planning, BWBR helps clients create environments to influence both the perception of mental healthcare and the delivery of services. Working with health systems, organizations, and their employees to leverage facility improvements for better care delivery and patient satisfaction, BWBR designs solutions that enhance what people do. Visit us at www.bwbr.com and facebook.com/BWBRsolutions or give us a call: Rick Dahl, AIA, and Scott Holmes, AIA, ACHA, LEED AP, 651.222.3701.

CannonDesign

CannonDesign is an integrated global design firm that unites a dynamic team of architects, engineers, industry experts and builders driven by a singular goal – to help solve our clients’ and society’s greatest challenges. As pioneers in the design of behavioral health facilities, our portfolio combines consulting and planning knowledge with our experience of executed work – more than any other firm in the industry. Our team applies current and emerging trends in clinical practice and physical design to help improve patient outcomes, address operational challenges, and support contemporary treatment protocols. Our projects include healing and therapeutic environments for children, adolescents, adult, geriatric and forensic populations, their families and the medical teams dedicated to providing care. CONTACT: Tim Rommel, AIA, MRAIC at trommel@cannondesign.com or 716.773.6800.

Cerner

Cerner is a leading health information technology provider with solutions to support integrated care across a variety of programs and settings for mental health and addictions, as well as physical health. Cerner’s Behavioral Health Solutions are successfully used in numerous psychiatric health settings, including inpatient, outpatient, IOP/PHP, residential, and state psychiatric facilities. Staff and clinical teams leverage Cerner’s interactive clinical dashboards, extensive patient tracking utilities, a library of screening and evaluation tools, as well as a collection of operational reporting tools to facilitate actively engaging and managing client populations in a more safe and effective manner. Please contact us at 866-529-7547.

Comprehensive Pharmacy Services

Comprehensive Pharmacy Services is the industry leader in pharmacy support. We are driven by passion to help our clients achieve standardization, consistency and efficiency in their pharmacy operations. With nearly 50 years of expertise and more than 2,500 clinical, regulatory, and operational pharmacy professionals, we provide proven solutions that reduce drug costs, lower readmissions and improve patient quality. We serve nearly 800 hospitals and healthcare facilities across the United States and Puerto Rico. Our clients can count on measurable results across the entire continuum of care from our inpatient & ambulatory pharmacy solutions, consulting services, telepharmacy offerings and robust analytics platforms. For more information, visit <https://cpspharm.com>.

Core Solutions, Inc.

Core Solutions, Inc. (Core) is a trusted provider of electronic health records nationwide that uses technology and data to support provider organizations who are committed to improving whole person care and quality of life for all people touched by the extraordinary challenges of behavioral health and other human conditions. We design our EHR solutions based on a combination of real-world challenges and big picture considerations, leveraging the input of statewide implementations and care providers and operating as a partner first and vendor second to our customers. Ultimately, to give complex care communities the infrastructure they need to move forward. To learn more, visit coresolutionsinc.com.

Quality and Accountability

From service line development, behavioral health integration, to revenue cycle management, we help our partners achieve their community and business missions.

 St. Louis, MO 63146
 (877) 998-5625

The Door Switch™ is an over-the-door ligature-resistant product for Behavioral Healthcare Facilities.

The Door Switch™ provides a distinctive alert solution to enhance in-room resident safety at a critical time. During private time, though the hallway and restroom doors provide privacy, they can also pose a threat for those who may be considering self-harming activities.

Until now, the only solution for this threat has been the removal of the door or other invasive means that often diminish both dignity and respect. The Door Switch™ changes this problematic situation by helping to mitigate the risk that can go hand-in-hand with privacy. It alerts the staff immediately, visually and audibly, if a resident's door is being used as an over-the-door ligature point. It also creates a time-stamped audit trail event log.

A patented over-the-door ligature-resistant product.
 US Patent NO. RE42,991 and RE44,039.

You may visit our website at www.thedoorswitch.com.

For the Health of our Community

Healing people and restoring hope is the essence of what we do at Loma Linda University Behavioral Medicine Center. Serving the Inland Empire for over 25 years, our compassionate and experienced staff understand the complex needs individuals are faced with when dealing with mental illness and addiction. Associated with a world-renowned teaching hospital, we are able to provide multi-level care in the following areas:

- Chronic pain and medication dependency
- Eating disorders
- Substance use recovery
- Adolescent self-injury
- Mental health services unique to youth, adults and seniors

Assisting our patients in meeting personal goals and guiding them on the road to recovery is why we **LIVE to Hope.**

MANY STRENGTHS. ONE MISSION.

Health Care Systems, Inc.

Health Care Systems (HCS), in business since 1983, provides certified electronic medical records, Clinician and Physician order entry solutions, Documentation, Assessments & Safety Check Modules and medication reconciliation care transition solutions with a particular emphasis on inpatient behavioral health systems, both institutional and private. Health Systems using the HCS Clinicals package on average demonstrate a 33% reduction in medication administration errors and a 45-percent reduction documentation time. For more information visit www.hcsinc.net or call 334-279-9711.

Institutional Pharmacy Solutions

At IPS, we understand the financial constraints of running a viable healthcare facility. That's why we are dedicated to delivering quality pharmacy services at a reasonable cost. In most cases, IPS is able to provide improved services, automation technology, and quality staffing for less than a facility's previous overall pharmacy expense. Whether it's a direct impact on the bottom line through fixed-cost, capitated rates, or the provision of extra services (such as Pyxis® automation) at no additional cost, IPS delivers REAL VALUE and will design a REAL SOLUTION for the pharmacy needs of your facility. For more information please visit IPSparmacy.com or contact the corporate office at 334-819-4500.

Iris Telehealth

Iris Telehealth is a telepsychiatry provider organization made up of the highest quality psychiatrists and psychiatric nurse practitioners. Our mission is to provide underserved communities with access to the best mental health specialists and prescribers. We are owned and operated by doctors who understand what patients need and have earned a reputation for providing outstanding customer service. Iris values building strong professional relationships with our partners and their staff. We are dedicated to understanding your organization's needs and operational goals because we recognize that your success is critical to our own. The products are as follows: washroom dispensers & grab bars – the widest range of washroom products designed with patient safety and ligature reduction in mind. Door Hardware and Privacy Vision Panels – anti-ligature pull handles for every patient group, hinges and the unique Duralux privacy vision panel to provide staff a safe method of checking patient whereabouts before entering their bedroom. Anti-barricade – the SwingHinge double acting hinge and SwingStop anti-barricade stop. New anti-ligature bathroom door for new or retro fit projects. Contact us at Kingsway Group, 164 Indusco Court, Troy MI 48083. 1-800-783-7980, sales@kingswaygroupusa.com, www.kingswaygroupusa.com.

LearnWell

LearnWell helps hospitals and treatment centers reduce operating costs while providing high-quality educational programs for K-12 school-age patients. Working closely with your team and the school district, we customize each student's studies to keep him/her on track academically. We help normalize the patient experience, making integration of the educational component as seamless as possible. Since 1995, we have delivered over a quarter-million teaching hours in more than 75 U.S. healthcare facilities. Moreover, our programs are typically low or no cost to your healthcare organization. For more information, visit our website at www.learnwelleducation.com or contact us at info@learnwelleducation.com or (877) 732-9101.

ACADEMICS FOR SCHOOL-AGE PATIENTS

- **Quality teachers specially trained** to teach in behavioral health settings, addiction treatment centers, and eating disorder programs.
- **Close collaboration with your team** and school districts for better outcomes.
- **Flexible class schedules** to accommodate patients' and clients' treatment schedules.
- **On-site academic education services** that save our clients time, money, and effort.

LearnWell has partnered with over 50 facilities nationwide, including:

- Southwood Psychiatric Hospital
- Walden Behavioral Care
- The Behavioral Health Center at Westchester Medical Center
- Children's Hospital of Boston

Expecting an EHR that's comprehensive, user friendly AND affordable?

No, you're not being unreasonable.

CareVue is a comprehensive support platform focused on empowering the entire healthcare enterprise. Complete clinical, revenue cycle, patient accounting and billing applications give you all the functionality you'll need to provide better care and realize full reimbursement.

Medsphere has added treatment planning, discharge summary, charting templates and group notes to CareVue to meet the unique needs of behavioral health facilities.

- Access your system in the cloud or implement on site.
- Pay as you go via subscription service--no massive upfront costs required.
- Improve HOW you use your EHR with support from Phoenix Health Systems, Medsphere's healthcare IT consulting and service desk support division.

*Set aside some time to visit with Medsphere during NABH.
You owe it to yourself and your organization.*

**CareVue is the complete EHR every
healthcare organization can afford.**

The work we do goes beyond treatment.

With 20+ facilities across the United States, American Addiction Centers is the world's largest publicly-held healthcare company specializing in treating the disease of addiction. As one of the only addiction treatment centers to conduct genetic testing in its own cutting-edge lab, our Board-Certified Physicians and Licensed Clinicians use pharmacogenetics to create personalized, clinically-based treatment plans for every patient. For more information, visit americanaddictioncenters.org.

McLean Hospital

McLean Hospital is an international center for psychiatric treatment, education, and research. Founded in 1811, McLean is the largest psychiatric teaching hospital of Harvard Medical School.

Dedicated to delivering specialized and individualized care provided by expert, compassionate members of its team. In addition to offering state-of-the-art diagnosis and treatment for a wide range of behavioral and psychiatric illnesses, McLean also offers an expanded array of specialized academic and clinical programs for children and adults with depression, borderline personality disorder, OCD, and addiction to drugs and alcohol. For more information call: 800.906.9531 or visit www.mcleanhospital.org.

Medsphere Systems Corporation

Medsphere Systems provides affordable, web-based EHR and revenue cycle management solutions that fully address the unique clinical and financial management needs of behavioral health providers. The CareVue Cloud EHR supports clinical workflows across a variety of behavioral health settings and includes charting templates, multi-disciplinary treatment plans, group notes, automated discharge summaries, KPI capture and reporting, and regulatory compliance tools. RCM Cloud addresses all key behavioral health revenue cycle touch points and enables clients to improve cash collections, increase clean claim rates, optimize staff productivity, reduce costs to collect, access more meaningful data, and provide better patient service. www.medsphere.com; contact@medsphere.com; 877.386.6057

Meridian Behavioral Health

Based in the Twin Cities area of Minneapolis-St. Paul, Meridian Behavioral Health is one of the fastest growing, leading behavioral healthcare platforms in the country. Meridian provides acute psychiatric and substance abuse treatment services across a broad continuum of care, including in-patient, residential, out-patient and medication-assisted treatment. For more than 25 years, Meridian has developed and refined an innovative, evidence-based care model focused on positive patient impact. Today, the 1,400 employees of Meridian's network of eight brands serve patients at over 30 locations in five states. At this time of national crisis, Meridian continues to invest in new campuses and programs nationwide to better meet the needs of its patients. To learn more about the Meridian Health Behavioral Network, please visit www.meridianprograms.com.

Metrasens

Metrasens is the maker of Proscreen 200, the latest technology used to protect patients and staff with screening designed for Behavioral and Mental Health. The Proscreen 200 technology will help your inpatient, outpatient or acute psychiatric facilities detect restricted items before they enter the facility. For more information, please visit www.metrasens.com.

Netsmart

Netsmart innovates electronic health records, solutions and services that are powerful, intuitive and easy-to-use. Our platform provides accurate, up-to-date information which is easily accessible to care team members in behavioral health, post-acute, and social services. We make the complex simple and personalized so our clients can concentrate on what they do best: provide much needed services and treatment that support whole-person care. Learn more about how Netsmart is changing the face of healthcare today visit www.ntst.com or call (800) 472-5509.

Odd Ball Industries

Odd Ball Industries has a history of more than 30 years of innovations in the field of ligature-resistant safety products for behavioral health facilities, including many patented designs. Our products are developed as a result of facility visits and input from architects, engineers, and behavioral health practitioners. All of our products are carefully designed with a patient-centric focus that emphasizes patient comfort, ergonomics, and functionality in addition to safety and durability. REAL PEOPLE | REAL SOLUTIONS | REAL VALUE

HOSPITAL MANAGEMENT

We manage the pharmacy so you can manage the hospital. IPS provides a complete turn-key solution and all pharmacy costs, including drugs, labor, and automation expenses, are our responsibility.

PYXIS® AUTOMATION

We are proud to offer our client facilities the benefit of Pyxis® automated dispensing technology. This industry-leading on-site tool is provided and managed by IPS and ensures that your medications are always readily available, while remaining securely stored.

CALL CENTERS

Our two nationwide after-hours call centers, located in Irwindale, CA and Virginia Beach, VA, support our pharmacies with order processing and are available to answer any of your questions.

FORMULARY MANAGEMENT

As experts in pharmaco-economics, we will work with your medical staff to develop a clinically appropriate formulary that is also cost effective.

DRUG PURCHASING POWER

We will reduce your pharmacy costs. We can typically save a client 10-20% and provide the Pyxis® automation system without any capital outlay on your part.

CAPITATED RATES

We offer up-front pricing and we share the risk with you by providing you with "worst-case" capitated rates based on your patient days—and without any hidden fees.

APA's PsychPRO

A national registry for for behavioral health care

How does PsychPRO work?

Data are extracted automatically from EHRs and online registry portals.

Who can participate in PsychPRO?

All behavioral health providers across the country. Solo and group practices, hospitals, health care systems and academic institutions.

What quality measures are included in PsychPRO?

PsychPRO has 32 MIPS quality measures (2018). As a QCDR, PsychPRO is designed to develop new measures and is committed to harmonizing and aligning performance measures across behavioral healthcare settings.

How can PsychPRO help with your QI?

PsychPRO is a QI tool that measures, tracks and benchmarks care, at the provider, practice and system levels. Clinical effectiveness is monitored and assessed, including the impact of interventions and treatments for optimal patient outcomes.

Stryker

Mental Health departments can place unique demands on hospital employees. Stryker has worked to create a solution with features that help to satisfy these demands and increase security within these specific units when partnered with specialized hospital processes. In addition to the specialized security features that can be added to Spirit beds, all beds have a 10.75-inch low bed height. This low height helps to significantly reduce fall injuries and help accommodate patients to create a more secure sleeping environment. Contact your Stryker representative for more information about our mental health offerings. www.patientcare.stryker.com

TownSteel, Inc.

TownSteel manufactures the most complete line of ligature-resistant locks available today, ADA Arch Mortise MRX-A and Cylindrical Arch CRX-A, Levered Mortise MRX-L and Cylindrical TRX-L, and Ligature-Resistant Conical Knob Mortise MRX-K and Cylindrical CRX-K. Also, TownSteel's new RFID/Touchpad electronic XMRXA Lock. For more information, please contact us at www.townsteel.com or call toll free at 877-858-0888.

Whitehall Manufacturing/Best Care

BestCare® ligature-resistant plumbing fixtures and accessories by Whitehall Manufacturing® are designed to meet the unique application challenges faced by behavioral healthcare facilities seeking to maintain the balance between patient safety, security, and creating a non-institutional environment. Most inpatient ligature incidents occur in the restroom, and we provide the right products and accessories to minimize this risk. All BestCare products are designed to ensure patient safety with aesthetics in mind and can be used in any patient room to satisfy all requirements and codes of the facility. Our products are ligature-resistant, ADA compliant, bariatric-friendly and meet aesthetic and security standards. Learn more at www.whitehallmfg.com.

Yale New Haven Psychiatric Hospital

Yale New Haven Psychiatric Hospital (YNHPH) is a full-service psychiatric hospital, affiliated with Yale School of Medicine and part of the 1,541-bed Yale New Haven Hospital (YNHH). YNHPH provides inpatient, outpatient, intensive outpatient and specialty programs and a crisis intervention unit. YNHPH offers a full range of treatment to adolescent, adult and geriatric patients. YNHPH is part of Yale New Haven Health that includes Greenwich Hospital, Bridgeport Hospital, Lawrence & Memorial Hospital and Westerly Hospital. Once again YNHH has achieved the prestigious Magnet designation from the American Nurses Credentialing Center, placing it among only 7percent of hospitals nationwide to achieve this distinguished honor.

No more hooks or pins. No cords or pulleys. Now there's an innovative, easy-to-use alternative

Imperial's BREAK-A-WAY™ Curtain Hanging System

Our Innovative Break-A-Way™ System

- Creates a more secure environment
- Is simple to install and use
- Featuring Sure-Chek™ shower curtain fabric
- Large selection of fabrics
- Reduces maintenance costs

Imperial Fastener Company

1400 S.W. 8th Street,
Pompano Beach, Florida 33069

Phone: 954.782.7130

Fax 954.782.0089

Email: info@imperialfastener.com

Curtains should be easy. That's why you need to know more about Imperial Fastener's proven curtain hanging system.

We know that managing today's facilities isn't easy ... that's why we make sure that the curtains are.

It's Easy!

Just mount the ceiling or wall track using tamper-resistant hardware, insert the special safety tabs, and easily attach the curtains with the continuous loop tape that is sewn to the top hem.

What's more, Imperial can supply any curtain or track you need, for any application. Fabrics are available in solids and prints, and all are flame resistant and machine washable.
