BEHAVIORAL
SAFETY

THE INDUSTRY LEADER

IN LIGATURE RESISTANT PRODUCTS

PROTECTING PATIENTS

AND THEIR DIGNITY

Behavioral Safety has an unwavering commitment to never compromise when it comes to the safety or humanity of patient's lives. Our passion is to save patients lives while improving the quality of their environment. With a foundation of over 45 years of field experience, BSP is at the forefront of the behavioral industry, specializing in designing exclusive ligature-resistant building products.

Breaking down barriers with innovation.

Socioeconomic factors are a major factor in determining a patient's health. To break down barriers to patient care, organizations need to be enabled to provide the right care, in the right setting, at the right time.

WellSky is committed to providing behavioral health organizations with the resources and intuitive software needed to integrate and streamline access to critical patient information, allowing clinicians to spend more time focusing on patient care and less time worrying about compliance and documentation.

Learn why some of the largest behavioral and human services organizations choose WellSky to help break down the barriers of behavioral health treatment.

Let's break down barriers to behavioral health treatment together.

Visit our booth or request more information to get started with WellSky Behavioral Health.

American Psychiatric Association, PsychPRO

PsychPRO, the American Psychiatric Association's (APA) national mental health registry helps psychiatrists and other behavioral health professionals deliver high quality care and meet requirements in a burgeoning quality reporting landscape. PsychPRO's electronic QI platform reduces documentation burden and integrates seamlessly within a variety of settings; and as a Center for Medicaid and Medicare (CMS) Qualified Clinical Data Registry, can be used for quality measure development. PsychPRO's database also allows for research in health policy and clinical effectiveness. To find out more and to learn about our Quality Measure Development Initiative, visit our website at www.psychiatry.org/PsychPRO or contact us at registry@psych.org.

Behavioral Safety

With over 44 years of industry experience, Behavioral Safety is the industry leader in producing exclusive ligature resistant building products for the behavioral healthcare environment. Working individually with facilities, architects, and engineers Behavioral Safety continues to innovate to meet new challenges faced by the industry. Products from Behavioral Safety are designed, developed, and manufactured to be technically sound, aesthetically pleasing, and economically viable for behavioral healthcare safety needs based on guidelines from the Joint Commission. To learn more about Behavioral Safety, please visit besafepro.com.

CannonDesign

At CannonDesign, we exist for one important purpose: to help people continuously flourish. We create spaces and solutions that empower equitable change for all, strengthening communities and replacing stigma with healing and hope. For more than 30 years, our dedicated behavioral health studio has partnered with leading organizations to advance industry care models and position for what's next. We've added more than 6.5 million square feet of behavioral health healing space in the last decade with a portfolio that ranges in scale and type—from state-operated forensic hospitals and community-based centers to academic teaching environments and urban acute care operations. Contact: Timothy M. Rommel, AIA, MRAIC, Principal, Mental Health / Behavioral Health Practice Leader, M: (716) 228-4809 O: (716) 773-6800, trommel@cannondesign.com.

Cerner

Cerner is a leading health information technology provider with solutions to support integrated care across a variety of programs and settings for mental health and addictions, as well as physical health. Cerner's Behavioral Health Solutions are successfully used in numerous psychiatric health settings, including inpatient, outpatient, IOP/PHP, residential, and state psychiatric facilities. Staff and clinical teams leverage Cerner's interactive clinical dashboards, extensive patient tracking utilities, a library of screening and evaluation tools, as well as a collection of operational reporting tools to facilitate actively engaging and managing client populations in a more safe and effective manner. Please contact us at 866-529-7547.

Comprehensive Pharmacy Services

Founded nearly 50 years ago and employing over 2,500 pharmacy professionals, Comprehensive Pharmacy Services is one of the nation's largest providers of pharmacy services to more than 800 hospitals and healthcare facilities nationwide. CPS helps their clients tackle complex problems such as rising drug costs, specialty pharmacy, ambulatory/retail strategy, operational effectiveness and staffing efficiency. In addition, they address 340B programs, a variety of compliance concerns and much more. CPS helps pharmacy leaders drive cost, quality and safety improvements across the continuum of care. For more information, visit cpspharm.com.

DocASAP

DocASAP is the most advanced patient access and engagement platform for behavioral healthcare. The DocASAP Platform helps healthcare organizations streamline access to care by navigating patients to the right provider and setting at the right time. From provider search and accurate online scheduling through actionable reminders and post-visit outreach, healthcare organizations can offer patients a way to privately schedule appointments at any time, while reducing time and costs spent managing appointments. In addition, DocASAP partners with the top payors in the country to offer its online scheduling solution through their health plan member portals and apps. For more information contact Angela Mannix | angela@docasap.com.

Your facility is unique.

Your pharmacy should be too.

WELLTREE HEALTHCARE AND CLINICAL PHARMACY SERVICES

WellTree Healthcare was founded with over 30 years of behavioral health experience to fulfill the need for technology and data-driven custom pharmacy services. Our Clinical Pharmacy Model is designed to provide clinical services to all sizes of facilities, with the goal to *improve Patient Outcomes*. Our model emphasizes Medical Rounds Participation, Antibiotic Stewardship, Adverse Drug Reaction Management, Medication-Use Evaluation (MUE), Quality Improvement Programs, Inservice Education and Post-Discharge Follow up.

WELLTREE PHARMACY MANAGEMENT

WellTree provides current full-service custom operations to meet your pharmacy needs and anticipate the challenges of the future. We work with your team to provide well trained, dedicated pharmacy staff; expanded pharmacy order review; automation and technology to improve patient care; and assistance in navigating the regulatory requirements of pharmacy operations in a cost-effective approach. Our full-service program saves money, reduces risk and increases compliance while freeing up clinical and operational staff. Utilizing our best practices, WellTree and your facility achieve better outcomes.

GROWTH CAPITAL PROGRAMS

WellTree Investment Partners (WIP) partner with experienced healthcare operators to facilitate your real estate and possible operational capital needs. Our platform provides growth funding options so that the operator can focus on your core business. There are two main directions: Sale-leasebacks of currently owned real estate and acquisition/renovation of locations into new facilities. We welcome dialogue to customize a program to meet the needs of the operator. Our programs go hand-in-hand with our custom Pharmacy Management contracts so that operators can focus on growth and operations. With our decades in pharmacy management and financial services, WellTree Healthcare and WellTree Investment Partners are new in name, but deep in experience. Our resources are most effective when put to use for you!

The Door Switch™ is an over-the-door ligature-resistant product for Behavioral Healthcare Facilities.

The Door Switch™ provides a distinctive alert solution to enhance in-room resident safety at a critical time. During private time, though the hallway and restroom doors provide privacy, they can also pose a threat for those who may be considering self-harming activities.

Until now, the only solution for this threat has been the removal of the door or other invasive means that often diminish both dignity and respect. The Door Switch™ changes this problematic situation by helping to mitigate the risk that can go hand-in-hand with privacy. It alerts the staff immediately, visually and audibly, if a resident's door is being used as an over-the-door ligature point. It also creates a time-stamped audit trail event log.

A patented over-the-door ligature-resistant product.
US Patent N0. RE42,991 and RE44,039.

You may visit our website at www.thedoorswitch.com.

Health care is integrated.

Your EHR should be, too.

ObservSMART

Revolutionizing 15-Minute Patient Safety Checks

Does your staff complete their required patient checks? With current industry standard tools, including paper, clipboards, and e-tablets, you have no way of knowing. There is no validated compliance. Insufficient checks are the number one contributing cause of inpatient psychiatric assaults, injuries, and deaths.

The solution? ObservSMART, a proven compliance technology that reduces risk, errors, and costs by validating compliance.

ObservSMART makes validated compliance simple.

Patients wear
tamper-resistant
wristbands

Staff complete
proximity-based checks
using synced tablets

help people continuously flourish.*

CANNONDESIGN

Sheppard Pratt Health System is building on a century-old legacy with a new, state-of-the-art behavioral health campus in Maryland's capital region, anchored by an 85-bed hospital. When its doors open in 2021, patients, families and caregivers will be greeted by a facility that stands out by blending in with its wooded surroundings. The new hospital harnesses the healing effects of nature to create a "therapeutic platform" primed for patient and caregiver well-being. Every detail—from the roadway approach to the door handles—is designed to make care more approachable and empower all to dream big about tomorrow.

Congratulations, Sheppard Pratt Health System. A brighter future lies ahead for so many thanks to your enduring commitment to healing, innovation and accessibility.

Odd Ball Industries

Odd Ball Industries has a history of over 35 years of innovations in the field of ligature-resistant products for behavioral health facilities, including many patented designs. In 2020, we are proud to unveil enhancements across our product line. Our products are developed as a result of facility visits and input from architects, engineers, and behavioral health practitioners. All of our products are carefully designed with a patient-centric focus that emphasizes patient comfort, ergonomics, and functionality in addition to safety and durability. Visit www.oddballindustries.com to see pictures, descriptions, data sheets, and more.

Pioneering science for exceptional care.

At Yale New Haven Psychiatric Hospital, we integrate psychotherapy, primary care medicine, neurostimulation and rehabilitation to provide a broad range of behavioral health services to diverse patient populations.

We've pioneered novel approaches such as using ketamine infusions and offering patients access to a variety of clinical trials to advance the care of treatment-resistant psychiatric disorders.

In affiliation with Yale School of Medicine's Department of Psychiatry, our staff includes a team of interdisciplinary clinicians, investigators and dedicated teachers who deliver compassionate, patient- and family-centered care focusing on wellness across our health system.

High security, **low height**

Spirit Select® Mental Health Bed

Mental Health departments can place unique demands on hospital employees. Stryker has worked to create a solution with features that help to satisfy these demands and increase security within these specific units when partnered with specialized hospital processes. In addition to the specialized security features that can be added to Spirit beds, all beds have a 10.75-inch low bed height. This low height helps to significantly reduce fall injuries and help accommodate patients to create a more secure sleeping environment.

- Features:**
- Security lockout:** restricts all bed functions to the patient
- Removable brake:** restricts bed movement
- Filled siderails, headboard and footboard:** reduce ligature points
- Non-removable parts:** patient safety

Recovery Centers of America

Recovery Centers of America provides expert, evidence-based treatment to patients in a way which is affordable, accessible and local. This groundbreaking approach is undertaken each and every day by RCA's team of experienced, compassionate physicians trained in addiction medicine, clinicians, counselors, nurses and therapists, who are the top professionals in the field. Addiction is a disease that requires safe and effective treatment, as well as attention to individualized needs. At RCA, patients receive evidence-based treatment, along with 12 step methodology, medication assisted treatment, and trauma informed care.

Rutgers Health University Behavioral Health Care

Rutgers University Behavioral Health Care (UBHC) provides a full continuum of programs to address behavioral health and addiction disorders with individuals and families across the state and across the lifespan. Services include acute care, crisis, mobile teams, residential, outpatient, school-based programs, integrated physical and behavioral health care and 24/7/365 national peer help lines. UBHC is dedicated to advancing the science through programmatic research and educating the next generation of health care professionals and is a leader in correctional health care providing comprehensive physical, behavioral and dental

treatment services to the New Jersey State prison population and the juvenile justice system.

671 Hoes Lane West, Piscataway, New Jersey, 08854. To make an appointment, call (800) 969-5300. Visit us at ubhc.rutgers.edu.

Safehinge Primera Inc.

Together, we design for good. We set the benchmark for patient privacy and dignity and our doors and hardware offer unrivaled patient safety in behavioral health environments.

One example is our saloon bathroom door that removes all-known ligatures. The door detaches at just 14 pounds and can only be reattached by staff - disrupting patients' ligature learning process and informing staff when a suicide attempt has happened. We'd love to welcome you to our booth to demo our bathroom door and discuss how the combination of our products and your passion can deliver positive change for patients. Please visit www.safehingeprimera.com.

Scioto Properties

Scioto Properties is committed to developing and investing in real estate with impact: spaces through which the specialized needs of both our clients and the people they serve may be fulfilled.

Since 1999, Scioto has been helping provider organizations of all sizes to acquire and manage their real estate needs. We are a national real estate company that is committed to developing and investing in quality housing and related healthcare facilities.

Real Estate with Impact:

- Real Estate Acquisition
- Sale Leaseback Financing
- Assist with Mergers and Acquisitions

Streamline Healthcare Solutions

Since 2003, Streamline Healthcare Solutions has been developing and implementing software solutions to behavioral healthcare organizations nationwide. Our web-based software solutions are well suited for organizations that wish to have one system that can map and incorporate its entire business processes to a single solution, and then

continue to evolve as business needs develop. Our proposed solution, SmartCare™, is a web-based browser-based enterprise-wide application built for the delivery, management and coordination of behavioral healthcare services. The SmartCare application has obtained ONC HIT 2015 CERT and is deployed at all service levels.

WellTree Healthcare and Clinical Pharmacy Services

WellTree Healthcare was founded with over 30 years of behavioral health experience to fulfill the need for technology and data-driven custom pharmacy services. Our unique model allows facilities to fulfill their pharmacy needs and advance technology with an emphasis on compliance and cost reduction. Utilizing WellTree's Clinical Pharmacy Practice model, our pharmacy staff work directly with hospital staff to provide collaborative and comprehensive medication management. Additionally, our other services include full genome sequencing evaluation and capital investment services for healthcare entities. Learn more about how WellTree works for you at www.mywelltree.com, or contact us at Info@mywelltree.com or call 888.315.5361.

Whitehall MFG

BestCare® ligature-resistant plumbing fixtures and accessories by Whitehall Manufacturing® are designed to meet the unique application challenges faced by behavioral healthcare facilities seeking to maintain the balance between patient safety, security,

and creating a non-institutional environment. Most inpatient ligature incidents occur in the restroom, and we provide the right products and accessories to minimize this risk. All BestCare products are designed to ensure patient safety with aesthetics in mind and can be used in any patient room to satisfy all requirements and codes of the facility. Our products are ligature-resistant, ADA compliant, bariatric-friendly and meet aesthetic and security standards. Learn more at www.whitehallmfg.com.

Yale New Haven Psychiatric Hospital

Yale New Haven Psychiatric Hospital (YNHPH) is the primary site for Yale New Haven Hospital's adult and adolescent psychiatric services. YNHPH is an inpatient facility specializing in the rapid assessment and treatment of acute and severe psychiatric symptoms, and offers a full spectrum of innovative and advanced treatments. YNHPH offers inpatient services focusing on general adult, dual diagnosis, adolescent and geriatric psychiatric services, as well as electroconvulsive therapy and intensive outpatient programs. YNHPH is part of Yale New Haven Health, Connecticut's leading healthcare system, consisting of Bridgeport, Greenwich, Lawrence + Memorial, Yale New Haven and Westerly hospitals, and Northeast Medical Group. www.ynhh.org/psychiatric

The Imperial Difference

BREAK-A-WAY FROM TRADITIONAL HOOKS & PINS

Imperial Curtains Are Getting Easier

No more hooks or pins. No cords or pulleys. Now there's an innovative, easy-to-use alternative

Imperial's BREAK-A-WAY™ Curtain Hanging System

Our Innovative Break-A-Way™ System

- Creates a more secure environment
- Is simple to install and use
- Featuring Sure-Chek™ shower curtain fabric
- Large selection of fabrics
- Reduces maintenance costs

Imperial Fastener Company

1400 S.W. 8th Street,
Pompano Beach, Florida 33069

Phone: 954.782.7130

Fax 954.782.0089

Email: info@imperialfastener.com

Curtains should be easy. That's why you need to know more about Imperial Fastener's proven curtain hanging system.

We know that managing today's facilities isn't easy ... that's why we make sure that the curtains are.

It's Easy!

Just mount the ceiling or wall track using tamper-resistant hardware, insert the special safety tabs, and easily attach the curtains with the continuous loop tape that is sewn to the top hem.

What's more, Imperial can supply any curtain or track you need, for any application. Fabrics are available in solids and prints, and all are flame resistant and machine washable.

Janssen Neuroscience applauds those working together at the county, state, and federal levels, especially at the intersection of criminal justice and mental health reform, to champion a better future for individuals with serious mental illness, including schizophrenia.

We can and should continue to set a higher standard for how we support individuals with serious mental illness.

Janssen's unwavering commitment to delivering innovative mental health therapies spans 50 years, and we will continue to champion treatments to improve the lives of those with serious mental illness.

PHARMACEUTICAL COMPANIES OF *Johnson & Johnson*

Yvonne Ford, Untitled Artwork from Reflections Art in Health

"When a person living with serious mental illness relapses, it's devastating and progressively makes it harder to achieve their potential. That's why we continue to work tirelessly to provide medicines and conduct research that offer hope for the individual and their families, so they can live fulfilling and healthier lives."

—**Courtney Billington**
President, Janssen Neuroscience

DO YOU SEE THE LIGATURE POINTS? LIGATURE POINTS IN A TYPICAL BATHROOM

In traditional restroom applications, ligature points are more common than you might realize. The arrows above indicate dangerous ligature points in existing bathrooms.

Did you know? 75% of suicides occur in the patient's bathroom, bedroom or closet.

Dedicated to **Hope, Healing and Recovery**

Kindred Behavioral Health is a new service line of Kindred Rehabilitation Services (KRS), the largest diversified provider of rehabilitation therapy in the country, with more than 1,000 sites of service across the care continuum. For decades we have been dedicated to the hope, healing and recovery of the most medically complex patients. This mission is equally appropriate for those suffering from behavioral health issues.

We created Kindred Behavioral Health to partner with hospitals and health systems to build additional care capacity and efficiently manage behavioral health programs that better serve patients, partners and communities. We believe our partnership model offers significant value to the many providers struggling to meet behavioral health demands or manage their existing behavioral health programs.

Visit **[KindredBehavioralHealth.com](https://www.kindredbehavioralhealth.com)** to learn more about our program and how we can team up to optimize your program and better serve the behavioral health needs of patients in your community.
