**2023 NABH Annual Meeting**

*Exhibitor and Sponsor Guide* | A guide to the latest products and services for behavioral healthcare leaders

## The experts in ligature resistant and anti-barricade systems

Driving innovation, our Door Top Monitor ligature alarm is at the forefront of patient safety in behavioral health.

Alongside our Complete Door Systems and ligature-resistant Division 10 washroom accessories, it's one of the many solutions we offer to help clinical teams deliver safer spaces for staff and service users.

As your partner in patient safety, our products are carefully designed with the specific needs of staff and service users in mind, which is why they're trusted by our partners in over 2,500 projects globally.

As President Exhibitors at this year's NABH Annual Meeting, we'll be unveiling new Kingsway innovations and we look forward to hearing your feedback. Stop by our stand to see for yourself, meet the team and find out how we can help you reduce risk at your behavioral health facility.

To find out more, please visit:

# Give health care workers the mental health support they deserve.

Find proven practices to reduce stigma, improve access to behavioral health services, and address job stressors.

## THE INDUSTRY LEADER

### IN LIGATURE RESISTANT PRODUCTS

Behavioral Safety has a passion and an unwavering commitment to save patients' lives and improve the quality of their environment. We specialize in designing exclusive ligature-resistant building products for the behavioral industry. Dating back to the 1980s, we have extensive experience building behavioral hospitals. We utilize this knowledge to invent behavioral products that aid in counteracting present suicide attempts and future anticipated patient experimental efforts. Our goal is to furnish our customers with cutting edge ligature-resistant products and excellent service.

# IMPROVE PATIENT OUTCOMES

Every aspect of the way your healthcare facility is planned will influence the patient experience. Using evidence-based design, today's Behavioral Healthcare windows can be developed to improve patient outcomes and become part of the therapy.

Sherwood products provide large vision vistas, patient-controlled blinds, and operable security vents for sensory connection to the outdoors. All products are purpose-engineered and tested to withstand over 2,000 ft-lb of human impact energy as per AAMA 501.8.

Trust Sherwood Windows security products to provide safe and therapeutic home-like environments in Behavioral Healthcare facilities all across North America.

## CannonDesign

At CannonDesign, we exist for one important purpose: to help people continuously flourish. We design spaces and solutions that strengthen communities and empower equitable change for all by replacing barriers to care with boundless hope. Our dedicated mental and behavioral health practice has helped open doors to more than 6.5 million square feet of healing space in the last decade alone. With a portfolio that ranges widely in size and type—from state-operated hospitals and community-based centers to urban acute care operations—we partner with leading organizations to transform industry care

models and position for what's next in mental healthcare. For more information please contact, Timothy M. Rommel, AIA, MRAIC, ACHA, Principal, Mental and Behavioral Health Co-Practice Leader, T. 716.774.3537, E. [trommel@cannondesign.com](mailto:trommel@cannondesign.com).

## Concord Technologies

For over 20 years, Concord Technologies has provided secure and compliant data delivery solutions to healthcare providers, payers, and other highly regulated businesses. Every day, millions of sensitive records containing valuable patient information are securely sent and received using Concord's Cloud Fax suite of solutions. The company is also recognized for its best-in-class development of new artificial intelligence technologies and industry-leading applications proven to help its customers grow and manage their business. Its newest product is Concord Care Intake – an application specifically designed to improve the critical intake process for behavioral health providers. To learn more, visit [concordintake.com](http://concordintake.com).

## CPS Solutions

With over 50 years of success, CPS Solutions, LLC ("CPS") is a proven leader for hospital solutions transforming pharmacy and other hospital operations. We have partnered with more than 800 healthcare facilities across the country to implement pharmacy best practices and innovative technology solutions. As a strategic partner for healthcare organizations, our expert teams help clients optimize operations and deliver higher quality and more efficient patient care. With our innovative solutions, health systems enhance quality, improve financial results, and manage risk to transform healthcare one patient at a time. For more information about CPS, visit [www.cps.com](http://www.cps.com).

## Health Care Systems, Inc.

Health Care Systems (HCS), founded in 1983, provides certified Electronic Medical Records for behavioral hospitals, RTC's, SUD/CD clinics as well as prisons and Jails. HCS solutions are deployed in 48 states and Puerto Rico with over 400 stand-alone, unique implementations making it one of the most widely utilized behavioral eMR's in the country. HCS Solutions include Clinician and Physician Order Entry Modules, extensive reporting, Compliance and Operational Metrics Monitoring, Analytics Dashboards, Assessments, Revenue Cycle & Patient Safety Solutions, Pharmacy, eMAR with Bar Code Medication Administration & User Defined Work Queues. All HCS modules are certified and completely interoperable. For more information contact: [sales@hcsinc.net](mailto:sales@hcsinc.net) or call 334-279-9711.

## Ligature-Resistant Safety Products

COMBINING SAFETY AND FUNCTIONALITY

### Need Help With A Ligature Attachment Hazard?

If you have any ligature-resistant safety needs that are not being met, please contact us for a consultation. We are a 3rd generation family business that was founded to design and fabricate products for customers with unique challenges.

Over 35 years ago, several local behavioral health facilities turned to us to help keep their patients safe. It wasn't long before ligature-resistance became our specialty, with 5 patented designs (6th pending).

Your ligature-resistance challenge could become our next product.

### Featured Product:

#### SP-14 Ligature Resistant Multi-Fold Paper Towel Dispenser

✓ PATENT PENDING

- **Exterior:** 11 gauge aluminum w/ white anti-microbial powder coat
- **Interior:** 3/4" thick PVC panels with recessed nylon bristle brushes
- **Capacity:** Standard 250 sheet multifold bundle (Georgia Pacific, Scott, etc.)

The SP-14 Multifold Paper Towel Dispenser is ligature-resistant inside and out. The sheets are dispensed through a set of nylon bristle brushes. Unlike other behavioral health dispensers, there is no rigid slot or hole into which objects can be twisted or jammed to form a ligature attachment point.

SP-10PB (w/ A or B Handle)  
Shower Mixing Valve

SP-12 (w/ A or B Handle ) Diverter Valve

SP-7WC Quick Connect Hand Shower

### Our Product Line Also Includes:

- Grid Drains (Lavatory and Sink)
- Grab Bars
- Curtain Rails
- Clothes/Towel Hooks.

And Lots More!

# Videra scales the provider and patient interaction using automated, AI-powered video assessments

## Anytime, Anywhere Video Check-ins

Bring the power of an office visit to your patient's smartphone. Videra makes it easy for patients to record responses for check-ins, follow-ups and customized assessments from their own device on their own time. Crisis doesn't wait for its next appointment, so why not give your patients a way to feel heard and understood anytime, anywhere? That's the power of Videra.

## AI-Assisted Analysis

Videra Health's sophisticated AI technology and algorithms automatically analyze patient language, audio, and video without the extra staff hours needed to gather, organize, and report it. This enables you to do more of what you do best, provide incredible treatment.

## Intake to Discharge and Everything In-Between

Videra uses video and voice analytics to accurately triage patients to their appropriate level of care. Once a patient is in a treatment plan, the platform then automates one-way patient video check-ins between appointments. Even post-discharge, Videra continues to provide valuable, clinically critical data and helps providers prioritize their treatment to those who are most acute.

## Tailored Alerts

Set customized thresholds that trigger alerts when patient follow-ups require your attention - eliminating the need to call each person individually. Spend more time treating the patients that need it most.

## Powerful, Insightful Analytics

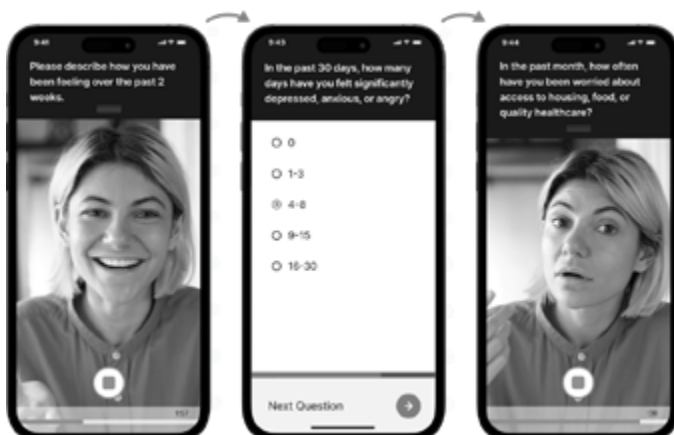

Videra's analytics provide deep insight at both the patient and population level. In an instant you can see current status, changes over time and overall response to treatment. Patient care becomes efficient, precise, and driven by data captured in real life. AI-powered trend analysis and analytics augment clinical expertise and save the immense amount of staff hours it normally takes to gather and analyze the longitudinal data they need to inform clinical decisions and treatment recommendations.

## Meet and Exceed Quality Metrics

Videra provides automated, video-based AI analyses to enhance insights about members, improve quality-related events (HEDIS / Star), and automate population screenings and assessments. Additionally, because every interaction is evaluated against a patient's baseline, Videra is able to track, measure, and report on the progress your members are having with your interventions.

## Validated Patient Assessments and Measurements - Now Automated

Videra automates and administers your ideal protocols; anything from frequent patient check-ins to more detailed treatment follow-ups, assessments and screenings. Customize programs for your clinic/facility or use the expansive Videra library, which includes many of the commonly used clinical assessments such as the GAD-7 or PHQ-9.

## JDi Healthcare Consultants & Recruiters

In this highly competitive behavioral health recruitment environment, top-notch executives are "a must." JDi is the industry leader and trusted executive search partner and consultant for **NABH** members for the last 34+ years, **bringing a stable of top talent to top treatment centers, and helping fill critical executive and C-Suite positions with the best behavioral health candidates in the US confidentially and quickly.** If you need strategic advisory or key introductions, we are also here to consult. The JDi Team is standing by. Let's talk today! CALL: 833-JDi4You (594.4968), Email: [info@jeridavis.com](mailto:info@jeridavis.com), Learn more: [www.jeridavis.com](http://www.jeridavis.com).

## Kingsway Group

As a global leader in innovative ligature-resistant products for behavioral health, Kingsway Group is proud to be the President level sponsor of NABH 2023. Our success has been built on listening to our partners' specific needs and using considerable design, innovation and manufacturing expertise to deliver a best value solution. Featuring ligature-resistant and anti-barricade door systems, secure vision panels or ligature-resistant washroom accessories, every product is designed with safety in mind. From placing an

inquiry to delivering your order, we pride ourselves on our service levels and creating happy customers. Visit our stand to find out more or visit [kingswaygroupusa.com](http://kingswaygroupusa.com).

## LearnWell & Comprehensive Counseling

LearnWell helps behavioral health hospitals by providing high-quality educational programs for school-aged patients. Working closely with your team and the school district, we customize each patient's studies to keep them on track academically. We help normalize the patient experience, making integration of the educational component as seamless as possible. Since 1995, we have delivered over a million teaching hours in more than 200 US healthcare units. Our programs are typically low- or no-cost to your healthcare organization. LearnWell's affiliate, Comprehensive Counseling LCSW, has long been a trusted resource for quality mental health care: Generations of individuals, families, and couples have received counseling at Comprehensive's offices since 1976. Today, the company's multilingual and multicultural clinicians at 8 locations throughout the Greater New York City region offer counseling services using a variety of therapeutic approaches. Find out more about LearnWell and its educational programs for school- age patients – visit [www.learnwellservices.com](http://www.learnwellservices.com). To learn more about Comprehensive Counseling's services for individuals, visit [www.comprehensivecounselinglcsw.com](http://www.comprehensivecounselinglcsw.com).

## McLean Hospital

McLean Hospital is an international center for psychiatric treatment, education, and research. Founded in 1811, McLean is the largest psychiatric teaching hospital of Harvard Medical School. Dedicated to delivering specialized and individualized care provided by expert, compassionate members of its team. In addition to offering state-of-the art diagnosis and treatment for a wide range of behavioral and psychiatric illnesses, McLean also offers an expanded array of specialized academic and clinical programs for children and adults with depression, borderline personality disorder, OCD, and addiction to drugs and alcohol. For more information, please visit us at [mcleanhospital.org](http://mcleanhospital.org) or call 800-333-0338.

## Medsphere Systems Corporation

Founded in 2002 and based in Salt Lake City, UT, [Medsphere Systems Corporation](http://Medsphere Systems Corporation) is an organization of committed clinical and technology professionals working to positively impact patient care by delivering affordable, award-winning healthcare IT solutions and services for providers of every size and budget. Medsphere's comprehensive technology platform includes robust clinical, revenue cycle management, and supply chain management solutions focused on inpatient, ambulatory, behavioral health, and EDIS/urgent care settings. To ensure that the technology works in individual care environments and cultures, Medsphere also provides extensive healthcare IT, clinical data management,

and consulting services for inpatient and ambulatory care organizations. For more information, please contact Paul Corbett, [paul.corbett@medsphere.com](mailto:paul.corbett@medsphere.com), phone: 760.692.3716 (office) 760.529.2295 (cell).

## Netsmart

Netsmart, a leading provider of SaaS technology and services solutions, designs, builds and delivers electronic health records (EHRs), health information exchanges (HIEs), analytics and telehealth solutions and services that are powerful, intuitive and easy-to-use. Our platform provides accurate, up-to-date information that is easily accessible to care teams in human services, post-acute and payer communities. Our human services community includes addiction treatment, autism, behavioral health, child and family services, federally qualified health centers (FQHCs), intellectual and developmental disabilities (IDD). We make the complex simple and personalized so our clients can provide services and treatment that support whole-person care. Visit [www.ntst.com](http://www.ntst.com) to learn more about how Netsmart is changing the face of healthcare today.

## NEXDINE Hospitality

NEXDINE Hospitality creates amazing experiences for patients, residents, staff, guests, and the community. Our family of brands provides trusted dining with a commitment to 100% fresh ingredients in hospitality, fitness management, and facility management services. We proudly serve behavioral health facilities, businesses, higher education, senior living communities, and hospitals nationwide. We put our people first to attract great talent, free their passion and creativity, and deliver finely tailored, expertly managed programs for each of our client partners. The NEXDINE Experience is responsive, transparent, and authentic. It's about wellness, sustainability, and community. Learn more about what the NEXDINE Experience can mean for you, and how you can experience amazing service at [www.NEXDINE.com](http://www.NEXDINE.com).

## ObservSMART

ObservSMART is a proximity-based digital rounding solution designed for behavioral health, substance recovery and residential settings. We improve patient safety and quality of care by advancing accountability and creating consistent communication through proactive, real-time reminders and alerts for staff and supervisors. Organizations utilize ObservSMART to validate and document compliance and improve staff workflow, while reducing risks and costs related to adverse patient safety events. Our suite of solutions includes Validated Patient Observations, Constant/1:1 Observations, Environment of Care Compliance, Nurse/Leadership Rounds, and Vitals Compliance. ObservSMART offers full EHR integration or standalone options. For more information, visit our website [www.observsmart.com](http://www.observsmart.com) or reach out directly to [tkeech@invisalertsolutions.com](mailto:tkeech@invisalertsolutions.com).

## Odd Ball Industries

If you have any ligature-resistant safety needs that are not being met, please contact us for a consultation. We are a 3rd generation family business that was founded to design and fabricate products for customers with unique challenges. Over 35 years ago, several local behavioral health facilities turned to us to help keep their patients safe. **The Door Switch™ is an over-the-door ligature-resistant product for Behavioral Healthcare Facilities.**

**The Door Switch™ provides a distinctive alert solution to enhance in-room resident safety at a critical time. During private time, though the hallway and restroom doors provide privacy, they can also pose a threat for those who may be considering self-harming activities.**

**Until now, the only solution for this threat has been the removal of the door or other invasive means that often diminish both dignity and respect. The Door Switch™ changes this problematic situation by helping to mitigate the risk that can go hand-in-hand with privacy. It alerts the staff immediately, visually and audibly, if a resident's door is being used as an over-the-door ligature point. It also creates a time-stamped audit trail event log.**

**A patented over-the-door ligature-resistant product. US Patent N0. RE42,991 and RE44,039.**

## Oxehealth

Oxehealth is a global leader in vision-based patient monitoring - helping behavioral health providers deliver safer, higher-quality and more efficient inpatient care. Our in-room monitoring system (Oxevision), which incorporates an FDA-cleared medical device, enables staff to work proactively and with maximum productivity. Staff can visually confirm a patient is safe without entering their room at night; measure cardiorespiratory vital signs contact-free; and document therapeutically valuable digital observations with improved compliance. Oxehealth services half of NHS England's behavioral health providers and is now revolutionizing inpatient care in Europe and the U.S. Visit [www.oxehealth.com](http://www.oxehealth.com) or contact [katrin.engelmann@oxehealth.com](mailto:katrin.engelmann@oxehealth.com).

## PharMerica Hospital Pharmacy Services

At PharMerica, we pride ourselves on providing exceptional customer service, assisting in containing pharmacy costs and meeting the pharmacy needs for hospitals, rehabilitation facilities, long term acute care hospitals, behavioral health hospitals, and other specialized care centers nationwide. PharMerica serves customers at over 100 locations in both single and multi-hospital systems. From industry leading pharmacy services to maintaining compliance with state and federal regulations, PharMerica enables you and your team to increase efficiency, reduce costs, and provide superior care where it is needed. Customers have access to many resources, including specialized continuing education programs, facility specific reporting, pharmacists who are trained in dozens of various specialties, and business experts in the pharmacy industry. Sean Morgan, PharmD, Vice President – Business Development, Hospital Pharmacy Services, PharMerica, 805 North Whittington Parkway, Louisville, KY 40222, Cell: 843.457.5770, [sean.morgan@pharmerica.com](mailto:sean.morgan@pharmerica.com).

## TownSteel, Inc.

TownSteel, Inc. is a leading U.S. manufacturer of Ligature Resistant locks, meeting the critical needs of the Behavioral Health market. Our 5-point Ligature Resistant product line delivers the most advanced innovations available in today’s market, designed to enhance personal safety. The ADA approved Arch Mortise MRX-A, Cylindrical Arch CRX-A, and the new electronic RFID/touch pad XMRXA 2000, 4000, 5000 BL/RFID are Joint Commission approved and recommended. TownSteel also manufactures levered Mortise MRX-L and Cylindrical TRX-L Ligature Resistant Locks. TownSteel is a full line hardware manufacturer, for more information, please contact us at [www.townsteel.com](https://www.townsteel.com) or toll free **877-858-0888**.

## Videra Health

Traditional surveys don't tell us enough about our patients. Videra's AI-driven video platform empowers health teams to identify, triage, and provide care to those who are most acute. At intake, during care, or post-discharge, Videra will send patients asynchronous video check-in assessments on their own device at regular cadences. This video is then automatically analyzed for affect, mood, depression, anxiety, suicidal ideation, and additional metrics, then alerts providers to follow-up. Enable your teams to monitor and measure healthcare interactions through automated video clinical interactions. Videra increases clinical capacity, decreases staff time, increases revenue, and improves critical quality health outcome measures. For additional information please contact us at [contact@viderahealth.com](mailto:contact@viderahealth.com) or [www.viderahealth.com](http://www.viderahealth.com).

## WellSky

WellSky is a technology company leading the movement for connected, smarter care. As a trusted software and services partner for behavioral health organizations across the nation, WellSky powers better quality and safety of care while helping to increase efficiencies and financial performance. Our easy-to-use EHR solution helps promote a culture of safety and compliance with features built specifically for inpatient and outpatient psychiatric facilities. Through predictive insights that only WellSky solutions can offer, WellSky helps behavioral health organizations provide the best patient experience, maximize operational efficiencies, and support innovative growth. Learn more at [WellSky.com](http://WellSky.com).

## Whitehall MFG

Whitehall® plumbing products and accessories are specifically developed with the healthcare industry in mind. Our BestCare® product line is an extensive array of ligature-resistant products and accessories developed for increased safety in behavioral healthcare environments. Whitehall products are developed with consideration for universal design principles, ADA compatibility, and bariatric suitability. [www.whitehallmfg.com](http://www.whitehallmfg.com), Kristin Kahle, Office: 626-336-4561 x4891.

## Willoughby Industries

Willoughby is a U.S.-based manufacturer of stainless steel and solid surface plumbing fixtures, showers and accessories for the behavioral healthcare market. Our products include sinks, toilets, urinals, showers, shower bases, faucets, bottle fillers, drains, grab bars to name a few designed specifically to address the behavioral environment. To learn more about Willoughby, visit us at [Willoughby-ind.com](http://Willoughby-ind.com) or call 1-800-428-4065. # An EHR built solely for behavioral health

Paper records are outdated  
and unreliable. But so is  
technology if it can't support  
all your business needs.

**We have a solution for that:**

The WellSky® Specialty Care for  
Behavioral Health EHR supports  
some of the leading behavioral health  
organizations in the nation.

Scan for an exclusive video about  
how SUN Behavioral Health powers  
better care with WellSky.

# Yale New Haven Health honors the memory of Frank Fortunati, JD, MD 1965 – 2023

**Frank Fortunati, JD, MD, Vice Chief and Medical Director of Psychiatry and Behavioral Health for Yale New Haven Hospital (YNHH), and Assistant Professor of Psychiatry, Yale School of Medicine, died on March 5, 2023.** He is survived by his wife, Karen, and their children, Jenna and Frank.

Frank was a dedicated advocate for those with mental illness, a much-beloved mentor to many and a transformative leader who had a palpable impact on the Department of Psychiatry at Yale School of Medicine and YNHH. He received the department's highest honor, the Fleck Award, in 2020.

Frank's expertise was remarkably broad. As a lawyer, he knew the statutes that governed the practice of psychiatry and medical billing. As an adult and child/adolescent psychiatrist, he had a deep understanding of the needs of patients and their families. As a forensic psychiatrist, he was an effective advocate for patients at the interface of psychiatry and the legal system.

Frank cared deeply about his colleagues, staff, trainees, and patients. He is sorely missed, but has left a lasting legacy, not just on Yale New Haven Hospital and Yale School of Medicine, but on all who knew him.

*Excerpted from Dr. John Krystal's March 6, 2023 message.*

# 1 in 8 ER visits by U.S. adults is related to behavioral health conditions.
