# Behavioral Health Workforce Pipeline

## BUILDING YOUR WORKFORCE

### **Paraprofessional to Counselor**

Our online clinical mental health counseling program is uniquely designed for paraprofessionals who work full-time. Together a cohort of paraprofessionals from your agency can complete the program in two years, taking classes together, discussing assignments over lunch, partnering on projects, etc.

They can complete their practicum and internship experiences within your agency, preparing them for the transition to new positions upon completing the program.

Programs may offer time at work to attend classes, or support tuition costs in exchange for employment commitments post-graduation.

## HOW WE CAN HELP

### **Affordable**

Tuition for the online program is \$686 a credit, or **\$41,160**. It is further reduced for paraprofessionals in mental health HPSA communities and HBCU grads to \$514.50 or **\$30,870**.

### **Recruitment**

Increase your ability to recruit graduating seniors into your paraprofessional roles by building a MA in counseling pathway.

## AB Staffing Solutions

AB Staffing has been a leader in the market since 2002, we've built an exceptional database of qualified healthcare professionals. Whether you're looking for an RN, LPN, Behavioral/Mental Health Licensed Clinician, Social Worker, or Physician our seasoned experts will work diligently to support the needs of your facility. It is our mission to provide qualified, diverse, and impactful personnel who improve patient care through professional interaction with our clients and their patients. For more information, please reach out to our Chief Sales Officer, Sam Shelton, at (480) 626-0830.

## Behavioral Safety Products

Behavioral Safety has an unwavering commitment to the safety and humanity of patients' lives. We specialize in designing exclusive ligature-resistant building products for the behavioral industry. Since the 1980s, we have extensive experience building behavioral hospitals. We utilize this knowledge to invent behavioral products that aid in counteracting present suicide attempts and future anticipated patient experimental efforts. Our passion is to save patients' lives while improving the quality of their environment. Our goal is to furnish our customers with cutting edge ligature-resistant products and excellent service. Learn more at [besafepro.com](https://besafepro.com), or call us at 706-705-1500.

## Britplas

The multi-award winning Britplas Safevent Windows and Fortress 80 Fencing are now being manufactured in the USA. Used successfully on over 2,000 psychiatric hospital projects worldwide, these innovative products will widen the scope for improved patient environments across North America. We have partnered with 'Cosurac Distributors' to manufacture and install our unique Fortress 80 Fencing and 'Secure Window Systems' to manufacture and supply our Safevent Windows. We look forward to a future helping you build the very best hospitals with our American products. For more information, visit <https://britplas.com/>.

## CannonDesign

At CannonDesign, we exist for one important purpose: to help people continuously flourish. We design spaces and solutions that strengthen communities and empower equitable change for all by replacing barriers to care with boundless hope. Our dedicated mental and behavioral health practice has helped open doors to more than 6.5 million square feet of healing space in the last decade alone. With a portfolio that ranges widely in size and type—from state-operated hospitals and community-based centers to urban acute care operations—we partner with leading organizations to transform industry care models and position for what's next in mental healthcare. For more information please contact, Timothy M. Rommel, AIA, MRAIC, ACHA, Principal, Mental and Behavioral Health Co-Practice Leader, T. 716.774.3537, E. [trommel@cannondesign.com](mailto:trommel@cannondesign.com).

## Fortress 80 Fencing

**A reliable perimeter security fencing system that is anti-ligature, anti-tamper and anti-climb, enhancing and securing mental health environments.**

T: 301-447-2245  
E: Mhiston@eglass.net

## Safevent Windows

**This multi-award winning and internationally acclaimed anti-ligature window has become a benchmark product and has been installed in over 2,000 psychiatric hospital projects worldwide.**

## CHES Health

CHES Health is the leading provider of evidence-based digital health solutions supporting our partners in addressing the individual and societal crisis of substance use disorder (SUD). Its solutions span the entire lifecycle of SUD management—from prevention and intervention to treatment and recovery. CHES Health partners with healthcare providers, community organizations, state and local governments, and health plans to amplify their impact by helping them reach individuals at the moments that matter. For more information, visit [www.ches.health](http://www.ches.health).

## The College of New Jersey: Department of Online Counselor Education

TCNJ is launching a new online MA in clinical mental health counseling. The vision for this program is to support paraprofessionals in the behavioral health space to gain access to their MA in counseling and become license eligible. Our program is designed for working professionals, we will have 3 terms a year, with 2 sessions within each term. Each class will have a 90 minute synchronous component, and all other requirements will be asynchronous. This means students will never take more than 2 classes at a time and still graduate in two years, offering a work/life/school balance. We are partnering with agencies across the country to support building their workforce pipeline, helping you recruit new BA graduates for your paraprofessional roles with the incentive of supporting a MA in two years. Agency support in the form of work time to take the classes, or tuition support, can lead to commitments by employees to stay at your agency for years post masters. At our reduced tuition rate, we are your solution to the mental health workforce crisis, let's work together to create a plan for your [agency.tcnj.edu/onlinecmhc](http://agency.tcnj.edu/onlinecmhc).

## Concord Technologies

For over 20 years, [Concord Technologies](http://Concord Technologies) has provided secure and compliant data delivery solutions to healthcare providers, payers, and other highly regulated businesses. Every day, millions of sensitive records containing valuable patient information are securely sent and received using Concord's Cloud Fax suite of solutions. The company is also recognized for its best-

in-class development of new artificial intelligence (AI) technologies and industry-leading applications proven to help its customers grow and manage their business. Visit [concord.net](http://concord.net) for more information.

## Health Care Systems, Inc.

Health Care Systems (HCS) is a leading provider of certified behavioral medical records and patented modules servicing behavioral hospitals, SUD's, RTC's, & Corrections across hundreds of facilities within all 50 states. HCS BHR is a highly configurable, secure, and user-friendly end to end suite of solutions designed specifically for mental health care professionals. HCS BHR manages all facets of your clinical-financial-operational needs with the ultimate goal of maximizing operations while improving patient outcomes. St. Louis, MO 63146  
(877) 998-5625

**The Door Switch™ is an over-the-door ligature-resistant product for Behavioral Healthcare Facilities.**

**The Door Switch™ provides a distinctive alert solution to enhance in-room resident safety at a critical time. During private time, though the hallway and restroom doors provide privacy, they can also pose a threat for those who may be considering self-harming activities.**

**Until now, the only solution for this threat has been the removal of the door or other invasive means that often diminish both dignity and respect. The Door Switch™ changes this problematic situation by helping to mitigate the risk that can go hand-in-hand with privacy. It alerts the staff immediately, visually and audibly, if a resident's door is being used as an over-the-door ligature point. It also creates a time-stamped audit trail event log.**

**A patented over-the-door ligature-resistant product. US Patent N0. RE42,991 and RE44,039.**

**You may visit our website at [www.thedoorswitch.com](http://www.thedoorswitch.com).**

# Health Care Systems

HCS is now the largest provider of stand alone behavioral health records in the United States. The HCS eMR facilitates all aspects of your behavioral hospital(s) eMR needs from clinical workflow to compliance management to operational excellence. HCS eMR is now available as a native web\_OS solution to further enhance the user experience and solution deployment. For more information contact: [sales@hcsinc.net](mailto:sales@hcsinc.net)

## Oracle Health

Oracle Health's behavioral health solutions supports whole-person care while accounting for socioeconomic and environmental factors through standard content, streamlined workflows, and analytic capabilities. Our solutions combine real-time clinical data from across each patient's unique healthcare journey—including behavioral health and healthcare data from inpatient, outpatient, residential, and community venues—in a single view to help organizations provide the right care when it matters. Organizations can collect, view, and submit information, all within our electronic health record (EHR), so the care team can focus on the most important work—getting patients on track for a faster recovery. Learn more or contact us at [Oracle.com/behavioralhealth](http://Oracle.com/behavioralhealth).

## De-Risking Behavioral Health Environments

**As Your Partner in Patient Safety, we work with you to de-risk and enhance your healing environments.**

Trusted globally in over 10,000 projects, we drive continuous innovation in design for behavioral health, specializing in ligature-resistant solutions with safety and durability at their core – without compromising on aesthetics.

Our range of ligature-resistant doorsets, Division 10 solutions, and ligature monitoring technology products are proven to perform in the most challenging environments, helping to de-risk and de-institutionalize clinical spaces while supporting wellbeing and recovery journeys.

Our new SHOWER Door System is no exception; delivering a robust yet elegant solution to safely preserve patient dignity in private bathroom facilities and featuring a fully customizable appearance to contribute to a therapeutic space.

At this year's NABH Annual Meeting, we're excited to unveil the latest Kingsway innovations and look forward to welcoming your feedback. Stop by our stand to see for yourself, meet the team, and find out how we can help you reduce risk in your behavioral health facility.

## THE INDUSTRY LEADER

IN LIGATURE RESISTANT PRODUCTS

Behavioral Safety has a passion and an unwavering commitment to save patients' lives and improve the quality of their environment. We specialize in designing exclusive ligature-resistant building products for the behavioral industry. Dating back to the 1980s, we have extensive experience building behavioral hospitals. We utilize this knowledge to invent behavioral products that aid in counteracting present suicide attempts and future anticipated patient experimental efforts. Our goal is to furnish our customers with cutting edge ligature-resistant products and excellent service.

## Pyrce Healthcare Group

Pyrce Healthcare Group (PHG) is a national healthcare consulting firm, founded in 1990, specializing in behavioral health. The firm specializes in strategy, strategic planning, business development, market research, strategic partnerships, integrated delivery systems, and leadership/organizational development. PHG offers significant depth of resources, with direct involvement of experienced senior staff. Clients include hospitals/healthcare systems, health care companies, academic medical centers, human service agencies, physician/allied practices, professional/trade associations, municipalities, and investor groups. Project examples from last year include due diligence on a PE funded investment, a community public health needs assessment to direct county public health services, and business development growth planning and implementation for a multi-site behavioral health treatment program. The firm has assisted over 350 organizations with locations in over 40 states. Excellent references are available. Please contact: Jan Pyrce, Founder and Managing Partner/Pyrce Healthcare Group / E-mail: [jpyrce@pyrcehealthcare.com](mailto:jpyrce@pyrcehealthcare.com) / Website: [www.pyrcehealthcare.com](http://www.pyrcehealthcare.com) / Phone: (630) 726-3388.

## RoundRight Software Solutions

RoundRight is a tablet-based patient monitoring software that makes rounding on patients fast, accountable, and compliant - without the hassle or expense of wearable technology. Our mission is to empower healthcare facilities to maximize safety utilizing advanced technology. It's designed to capture crucial data for facility Administration while eliminating monitoring challenges faced by direct care staff. We use patent-pending technology to ensure observations happen according to protocols and notify management proactively if standards are not being met. RoundRight can integrate with any EMR, works seamlessly even without Wi-Fi, and we offer a 30-day risk-free trial. Visit [www.round-right.com](http://www.round-right.com) or visit [George.Jiruska@round-right.com](mailto:George.Jiruska@round-right.com).

## Rutgers University Behavioral Health Care

Rutgers Health University Behavioral Health Care (UBHC) provides a full continuum of programs to address behavioral health and addiction disorders with individuals and families across the state and across the lifespan. Services include acute care, crisis, mobile teams, residential, outpatient, school-based programs, integrated physical and behavioral health care and 24/7/365 national peer help lines. UBHC is dedicated to advancing the science through programmatic research and educating the next generation of health care professionals and is a leader in correctional health care providing comprehensive physical, behavioral and dental treatment services to the New Jersey State prison population and the juvenile justice system. 671 Hoes Lane West Piscataway, New Jersey, 08854. TownSteel is a full line hardware manufacturer, for more information, please contact us at [www.townsteel.com](http://www.townsteel.com) or toll free 877-858-0888.

## Videra Health

Traditional surveys don't tell us enough about our patients. Videra's AI-driven video platform empowers health teams to identify, triage, and provide care to those who are most acute. At intake, during care, or post-discharge, Videra will send patients asynchronous AI video check-in assessments on their own device at regular cadences. This video is then automatically analyzed for affect, mood, depression, anxiety, suicidal ideation, and additional metrics, then alerts providers to follow-up. Enable your teams to monitor and measure healthcare interactions through automated video clinical interactions. Videra increases clinical capacity, decreases staff time, increases revenue, and improves critical quality health outcome measures. For additional information, please contact us at [contact@viderahealth.com](mailto:contact@viderahealth.com) or [www.viderahealth.com](http://www.viderahealth.com).

## WellSky

WellSky is a technology company leading the movement for intelligent, coordinated care worldwide. Our next-level software, analytics, and services power better outcomes and lower costs for stakeholders across the health and community care continuum. In today's value-based care environment, WellSky helps providers, payers, health systems, and community organizations solve tough challenges, improve collaboration for growth, harness the power of data analytics, and achieve better outcomes by further connecting clinical and social care. Contact: David Sisney, [david.sisney@wellsky.com](mailto:david.sisney@wellsky.com), +1 (913) 307-1040.

## Whitehall MFG

Whitehall Manufacturing has been providing service to the healthcare industry since 1946. We are a North American manufacturer of BestCare® ligature-resistant plumbing fixtures and accessories. # AI Patient CARE (Capture Assess React Engage)

Industry-leading automated AI behavioral health screening system

## >> Experience a new era of healthcare with AI Patient CARE

Our innovative platform transforms episodic care delivery and empowers clinicians with crucial patient insights and clinical data. Videra Health's sophisticated AI technology automatically reaches out to patients, analyzes their responses, and alerts you when a patient requires attention. This simplified workflow enables you to do more of what you do best, provide incredible treatment.

### Video Response

### Videra AI Analysis

### Alert Provider

#### ALERTS TRIGGERED:

- ⚠ Suicidal Language
- ⚠ Emotional Distress
- ⚠ Severe PHQ-9
- ⚠ Mild GAD-7
- ⚠ Help Scheduling

## >> AI Patient CARE automates various care tracks and measures

Experience seamless patient engagement from pre-intake to post-treatment. AI Patient CARE monitors and alerts on key metrics for each care track, providing clinicians with real-time visibility into patient progress. This empowers providers to make more informed decisions, ultimately driving better outcomes.

### Care Tracks

- ✓ Pre-intake
- ✓ During care monitoring
- ✓ Post-treatment wellness check-ins
- ✓ Social determinants of health
- ✓ Missed appointments
- ✓ Patient satisfaction surveys

### Measures

- ✓ Risk stratification
- ✓ Depression screening
- ✓ Anxiety screening
- ✓ Trauma screening
- ✓ Emotional distress alerts
- ✓ Quality & outcome measures

### About Videra Health

Videra Health is an automated, AI-driven, video assessment platform that empowers providers and health care organizations to proactively identify, triage, and monitor at-risk patients. The FDA-registered digital platform connects providers and patients anytime, anywhere between visits and post-discharge via written and video assessments that translate into actionable quantitative and qualitative patient data. With a mission to streamline diagnoses, enhance care accessibility, optimize workflow, and drive down costs, Videra Health sets the stage for transformative healthcare advancements.

# Making a difference every day

Whether it's the personal touch we bring to our patients, the research breakthroughs that revolutionize treatment, or our award-winning Deconstructing Stigma awareness campaign, McLean is changing lives and attitudes.
